

HMO Compliance Tracker 2026

The Excel & Google Sheets workbook for HMO landlords and letting agents in England

HMO-Compliance-Tracker-2026.xlsx · Law as understood at October 2026 (England)

Keep your HMO licences, safety checks and tenancy dates in one place. Enter when something was last done and the tracker works out when it is next due and its status: Red, Amber, Green or Grey.

What you get

Automatic due dates

Enter when a check was last done. Next due, Days left and Status are worked out for you.

A live Dashboard

Overdue, Due <=30, Due 31-60, OK, No date and PRS Database tiles, plus your next 15 deadlines. Updates daily.

Properties and licences

Up to 100 properties: licence status, occupancy OVER flag, EPC and PRS Database reference.

PRS Database Readiness

NEW: get each property ready for England's landlord database (draft regulations).

Safety, licences, tenancies

Fire Safety Log, Licence Conditions with a room-size calculator, Tenancies & Renters Rights, Contractors.

Your own branding

Add your business name, phone, email and website once. They show in the header line of every other sheet.

Set up in 5 minutes

Microsoft Excel (2016 or later)

- 1 Download the workbook (.xlsx) and open it.
- 2 If Protected View appears, click **Enable Editing**.
- 3 Type dates as **dd/mm/yyyy**.

Google Sheets

- 1 Upload the .xlsx to Google Drive (or **Google Sheets > File > Import > Upload**) and open it with Google Sheets.
- 2 Set **File > Settings > Locale > United Kingdom** so dates read dd/mm/yyyy.
- 3 No add-ons or scripts needed.

On first open, Excel and Google Sheets recalculate everything. The Dashboard is based on **TODAY()**, so it updates every day.

Then add your data: the 5 steps on Start Here

1 Add your properties

2 Log your checks

3 Record day-to-day safety

4 Keep contractors to hand

5 Check the Dashboard weekly

Two SAMPLE properties and example records are included. To clear them: on each sheet, select the white input cells in the rows marked SAMPLE and press Delete. Leave the grey formula cells alone.

Cell colours

- White:** type here
- Grey:** formula, never overwrite
- Yellow:** your settings (branding, own checks)

Golden rules

- Never overwrite the grey (formula) columns.
- Property names on Properties must be unique.
- **Override months** changes one row's interval.

How statuses work

Every Compliance Log row gets a Status, worked out from **Last done** and the interval.

Status shown	Colour	What it means	What to do
Overdue	Red	The due date has passed.	Deal with these first.
Due <=30	Amber (orange)	Due in 30 days or less.	Do it or book it now.
Due 31-60	Amber (yellow)	Due in 31 to 60 days.	Plan it in.
OK	Green	More than 60 days left.	Nothing to do yet.
No date	Grey	No Last done date entered yet, or the date isn't recognised as a date.	Enter it as dd/mm/yyyy.

Worked example

Last done	Interval months (auto)	Next due (auto)	Days left (auto)	Status (auto)
01/03/2026	12	01/03/2027	150	OK

Next due = Last done + interval (from the Reference sheet): 01/03/2026 + 12 months = **01/03/2027**.

Days left = Next due – today. On 02/10/2026 that is 150 days, so the Status is OK (more than 60 days left).

Your Dashboard at a glance

HMO Compliance Tracker 2026

Dashboard

Updates automatically from the Compliance Log, Properties and Fire Safety Log. As at 02/10/2026

PROPERTIES	CHECKS TRACKED	OVERDUE	DUE <=30 DAYS	DUE 31-60 DAYS	OK
2	15	3	2	3	6
NO DATE ENTERED	OPEN FIRE-SAFETY DEFECTS	LICENCES EXPIRED / <=60 DAYS	PROPERTIES OVER-OCCUPIED	PRS DB: NOT YET READY	PRS DB: EARLIEST DEADLINE
1	1	1	1	2	14/03/2027

NEXT 15 DEADLINES (soonest first, overdue items at the top)

#	Due date	Days left	Property	Check	Status
1	01/11/2025	-335	SAMPLE - 12 Acacia Road, Exempleton	Portable appliance testing (PAT)	Overdue
2	06/08/2026	-55	SAMPLE - Flat 3, 8 Demo Street, Sampleford	Smoke & CO alarms - check	Overdue
3	07/09/2026	-25	SAMPLE - 12 Acacia Road, Exempleton	Gas Safety Certificate (CP12)	Overdue
4	17/10/2026	15	SAMPLE - 12 Acacia Road, Exempleton	Emergency lighting - annual full-discharge test	Due <=30
5	22/10/2026	20	SAMPLE - Flat 3, 8 Demo Street, Sampleford	Fire extinguishers - service	Due <=30
6	07/11/2026	36	SAMPLE - Flat 3, 8 Demo Street, Sampleford	Electrical Installation Condition Report (EICR)	Due 31-60
7	11/11/2026	40	SAMPLE - Flat 3, 8 Demo Street, Sampleford	HMO licence renewal	Due 31-60
8	16/11/2026	45	SAMPLE - 12 Acacia Road, Exempleton	Fire Risk Assessment - review	Due 31-60
9	03/02/2027	124	SAMPLE - 12 Acacia Road, Exempleton	Fire alarm system - service	OK
10	05/02/2027	126	SAMPLE - 12 Acacia Road, Exempleton	HMO licence renewal	OK

12	04/07/2027	275	SAMPLE - 12 Acacia Road, Exempleton	Fire extinguishers - service	OK
13	24/08/2027	326	SAMPLE - 12 Acacia Road, Exempleton	Electrical Installation Condition Report (EICR)	OK
14	11/04/2031	1652	SAMPLE - Flat 3, 8 Demo Street, Sampleford	Energy Performance Certificate (EPC)	OK

PROPERTY SUMMARY (from the Compliance Log)

Property	Overdue	Due soon (<=60)	OK	No date	Worst status	Checks
SAMPLE - 12 Acacia Road, Exempleton	2	2	4	0	Overdue	8

Status tiles, a per-property summary and the next 15 deadlines. It is based on TODAY(), so it is up to date every time you open the file.

Your daily / weekly routine

Daily	Open the Dashboard. Look at Overdue and Due <=30 first, then open fire-safety defects, licences expired or due within 60 days and over-occupied properties.
Weekly	Work down the next 15 deadlines : clear the Reds first, then the Ambers. Book contractors for what is coming up.
When something happens	Check done : update Last done (plus contractor, certificate ref, document link). Fire test or defect : add a row on the Fire Safety Log. New property : Properties first, then its checks.

Add your branding

On **Start Here** there is a **BRAND** block with 4 yellow cells: Business name, Phone, Email and Website.

Whatever you type appears in the **header line at the top of every other sheet**.
Leave any cell empty to hide it.

Business name	HMO Compliance Tracker 2026 (default)
Phone	<i>optional: leave empty to hide</i>
Email	<i>optional: leave empty to hide</i>
Website	<i>optional: leave empty to hide</i>

Log a check in the Compliance Log

- 1 Pick the **Property**, then the **Check type**, from the dropdowns.
- 2 Enter **Last done** as dd/mm/yyyy. The interval is looked up from the Reference sheet.
- 3 **Next due**, **Days left** and **Status** fill in by themselves (grey: never overwrite).
- 4 Optional: Override months, contractor, certificate ref, document link, notes.

Status colours: Overdue Due <=30 Due 31-60 OK No date									
Property	Check type	Last done	Interval months (auto from Reference)	Override months (optional)	Next due (auto)	Days left (auto)	Status (auto)		
SAMPLE - 12 Acacia Road, Exampleton	Gas Safety Certificate (CP12)	07/09/2025	12		07/09/2026	-25	Overdue	SAMPL

The Compliance Log: one row per property and check.

1,000 rows are ready. To track more, copy the last row down: select the whole row so the hidden helper column M is copied too.

Sheet by sheet

Sheet	What it is for
Start Here	The 5 steps, the colour key and the BRAND block (your business details).
Dashboard	Status tiles, per-property summary and the next 15 deadlines. Updates daily.
PRS Database Readiness	Region dates, 17 draft data items per property, readiness status, landlord checklist (DRAFT rules).
Properties	Up to 100 properties: licence, occupancy vs maximum, EPC, PRS Database ref.
Compliance Log	One row per property and check (1,000 ready). Enter Last done; the rest is automatic.
Fire Safety Log	Tests with Pass/Fail, defect, action and date fixed. Open defects show on the Dashboard.
Licence Conditions	A Yes/No/N/A checklist per property, plus a room-size calculator in columns I to P.
Tenancies & Renters Rights	Deposit 30-day and 5-week cap checks, Right to Rent, rent increases and pet requests.
Contractors	Your list of contractors.
Reference	What each check is, how often, legal basis, official link. Add your own in the yellow rows.
